Trash Factory

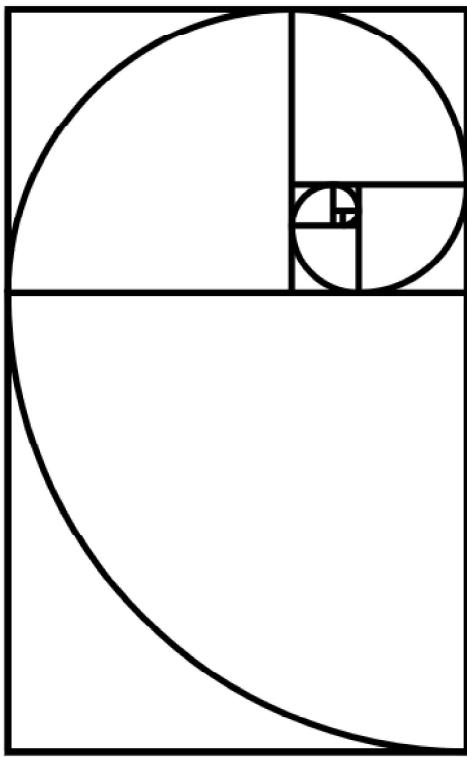

Figure 19: Golden Spiral.

Figure 1: Trash Factory. List the things available from the trash factory here.  
What are the products, and how can people get them?

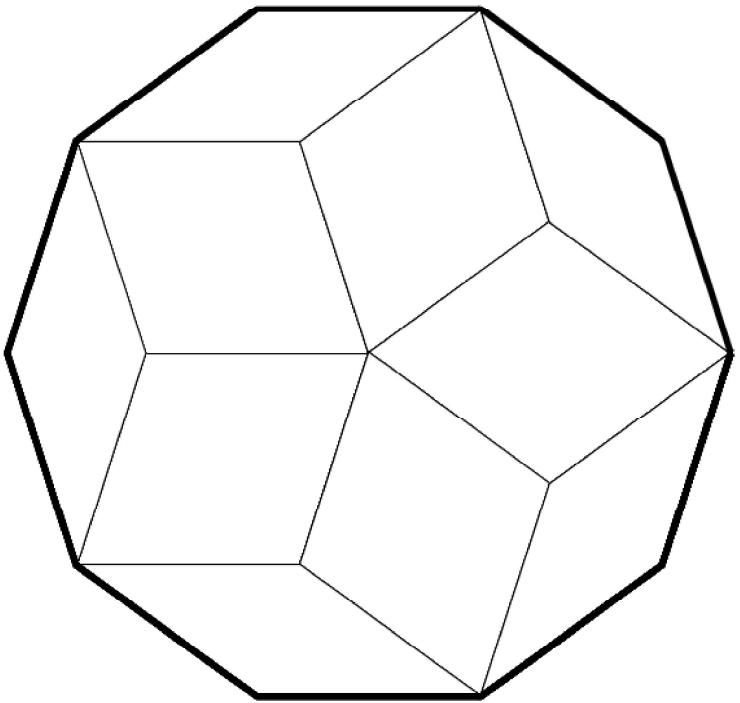

Figure 18: Penrose.

Figure 2: Trash Feed. Where are we getting trash from? What trash? From whom? List trash sources, people, places, things.

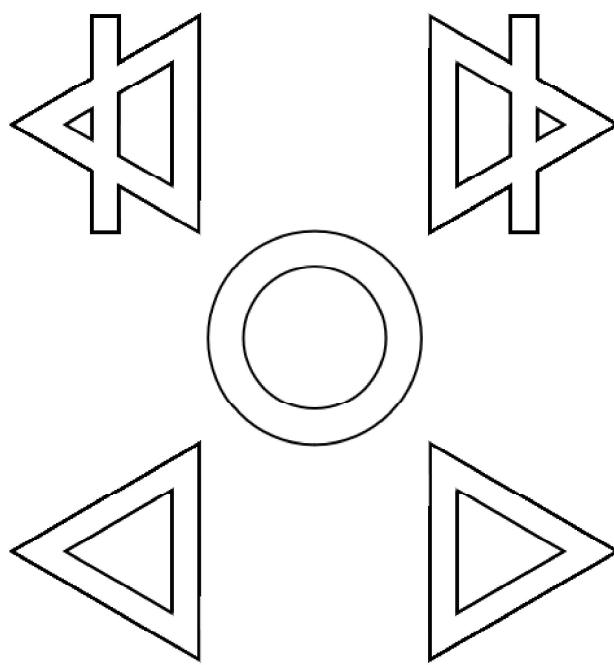

Figure 17: Elements.

Figure 3: Community resources. Our whole purpose is to provide aid to the community. List community resources here. Who needs what, and how can they get it? Post contact information of both those in need and those willing to help.

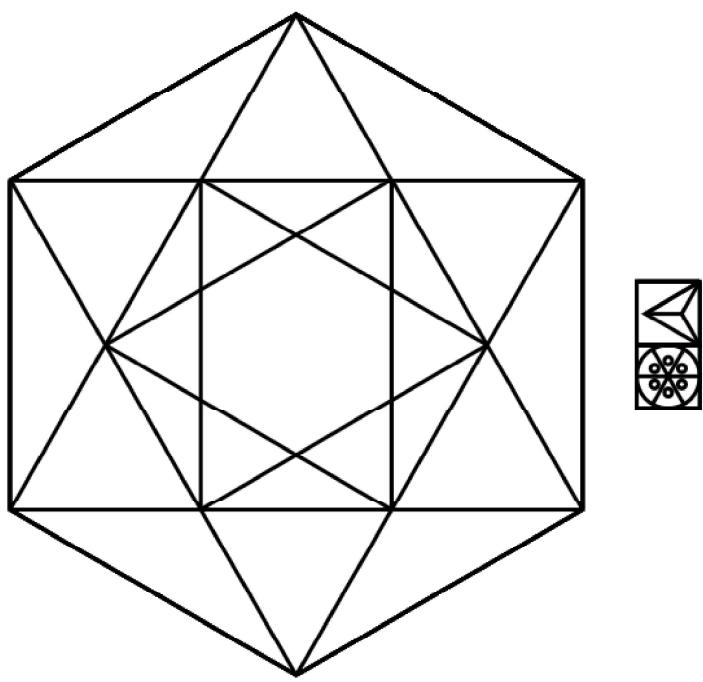

Figure 16: Hexagon.

Figure 4: Trash Camp. Where are we hanging out? Details of a spot go here, this can be maker spaces, schools, community centers, parks, or just spaces we can exist. Draw maps, list places, add links.

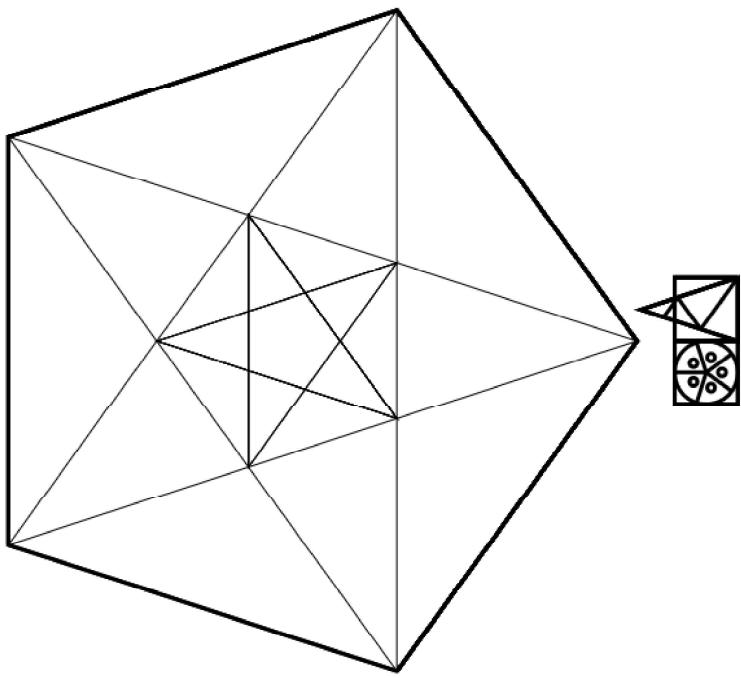

Figure 15: Pentagram.

Figure 5: Trash Academy: Teaching. Who is teaching what, and where?  
List of what's offered and who teaches it and where they are, contact info of  
teachers, links to resources to learn.

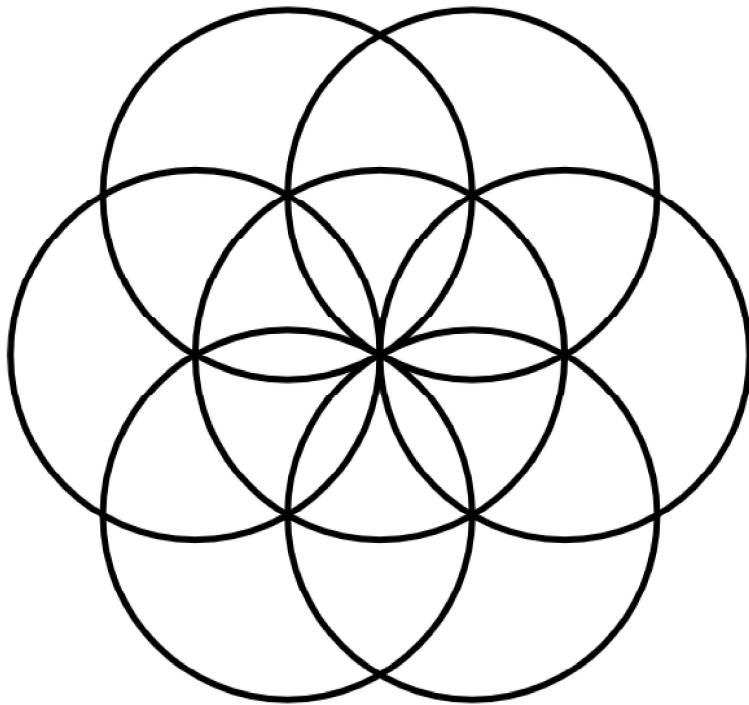

Figure 14: Circles.

Figure 6: Trash Labs: Research and Development. Research path. What do we need to figure out how to build next? What are we working on now?

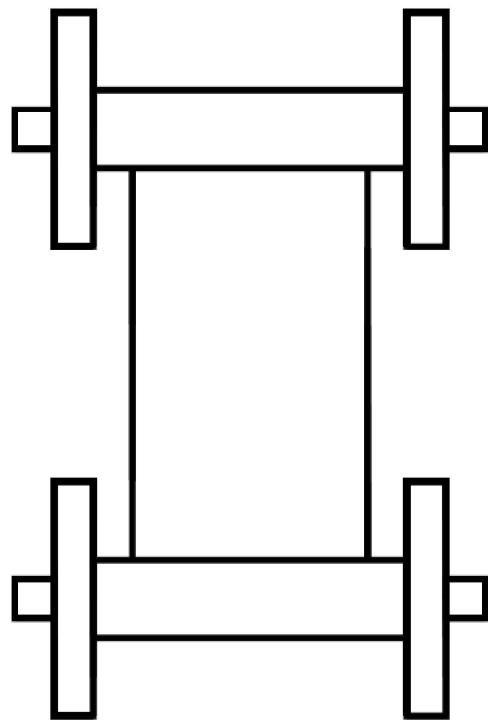

Figure 7: Scroll.

Figure 13: Keep a record of the travels of this book.

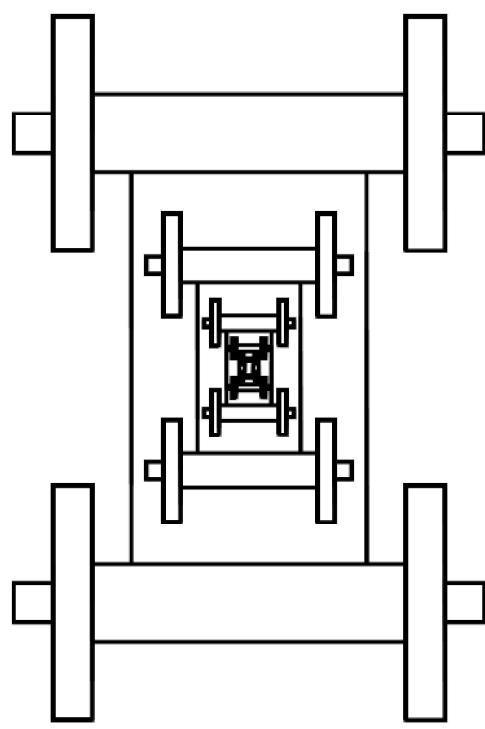

Figure 12: The path of this book: people. Put your name, logo, symbols, signs, links, social media, contact as you see fit, then pass the book along to the next person.

Figure 11: Draw maps for the region’s water, one for the ocean and major shorelines of your watershed, one for major rivers or lakes and one for immediate drainage.

Figure 8: Prompt of prompts. Keep track of useful prompts to add. These are blank pages with a caption which describes what goes in them, or digital scrolls with the prompt at the top.

9 8 7 6 5

Figure 9: This book. Notes on this book, self-documenting. Where it went,  
where it goes.

Figure 10: Draw maps for the region's streets, one for the major highway  
corridor, one for local major streets and one for the specific neighborhood.
